MILK STRIKE ENDS; TO ARBITRATE PRICE

Farmers Reluctant to Halt
Strike Without Definite
Settlement

FULL DELIVERY TODAY

The five-day milk strike of 18,000 farmers in the Pure Milk Association was terminated yesterday noon in Mayor Kelly's office, Chicago, by Mayor Kelly and Don Geyer, until Gannon, two sons, Lawrence P., Edward, Jr., and Mrs. Abel Cantu; three sisters, Mrs. Margaret Molitor, Mrs. Jennie Stapleton and Mrs. Kate O'Malley, of East Troy.

Copied from Kenosha News—At a ceremony which took place at St. Joseph's church, Grafton, Wis., on December 30 at ten o'clock with Rev. J. Brasky officiating, Miss Mary N. Daly of Silver Lake, became the bride of Arthur G. Gegan of Salem. The bride is the daughter of Peter Daly of Detroit and the niece of Mrs. John Ludwig, of Silver Lake, with whom she has always made her home.

Miss Ruth Stoxen, youngest daughter of Mr. and Mrs. A. C. Stoxen, of Randall, and Alden Allen, son of Mrs. N. Allen, of Kenosha, were married at Waukegan on Tuesday, January 2. Mr. and Mrs. Allen are making their home at Genoa City, where the groom is employed.

Grace Carey and Grant Tyler attended the wedding of Bertha Miller, Richmond, daughter of Mr. and Mrs. Joseph Miller and Frank Bergama, son of Peter J. Bergama, held at nine o'clock yesterday morning at St. Joseph's church, Richmond, the Rev. J. Crow officiating. Attendants on the bride were Loretta Bergama, Katherine, Lake Geneva, and Elizabeth, sister of the bride, Rich. The groom was attended by Bergama, brother, and Ray Miller, brother of the bride. A in followed the ceremony.

Tyler was ill with appendicitis under the care of Dr. R. from East Troy, last week. Mr. Warren Sarbacker and Mrs. Reiter of Silver Lake are entities, Illinois and Kenosha and counties, in Wisconsin, effected a thorough blockade to Chicago-bound milk trucks. The unexpected rapidity with which the strike was called caught the milk dealers off guard, and they had no more than a normal supply on hand.

Refuse Federal Intervention
The strike was still going strong Monday, when the Pure Milk Association refused to consider the request of Secretary of Agriculture Wallace that the strike be called off in exchange for cooperation from the government in setting and enforcing a fair price to the farmers. Word was sent Monday to the city's 5,000 milk drivers by all dealers except those operating independent concerns not to report to work.

Given a holiday, many of the drivers resorted to violence, dumping milk and trucks of the independent dealers into the river. With the exception of sufficient milk to supply hospitals and babies, Chicago was virtually cut off from milk supplies on Monday, Tuesday, and Wednesday.

Milk Slips by on Trains
What milk did reach the city was carried by train. Several trains were stopped in this vicinity, but it was found that they carried no milk.

Others failed to make their regular stops and passed groups of picketing farmers at increased speed.

Hundreds of farmers gathered at Russell, Ill., Sunday night and lighted signal flares, but when the Chicago, Milwaukee, St. Paul & Pacific train approached its engineer applied the steam and raced on. The following evening another group was set to stop an E. I. and E. milk train at Milwaukee, but before reaching Milwaukee the engineer received word that the gang was gathered, and was ordered to send the milk cars back to Milwaukee.

Shortly before that, the Chicago, Milwaukee and St. Paul, the Chicago and North Western, and the Chicago

Antioch Sympathizes With Milk Strikers

Antioch business men evinced an active sympathy with the striking dairymen of this vicinity, and in several ways made their nightly vigils less wear some.

The Antioch News building was offered to the strikers by J. B. Gaston as headquarters. The building presents an unusually good vantage point, as it commands a view of the street in both sides of the bend on Route 21. During the time the workers made use of the building, day or night, they remained orderly and considerate.

IN 1897 the bicycle gained such popularity that it became a principal form of recreation. Thousands of bikes were in use, and with the new craze came the speeder and the reckless driver, necessitating new laws and ordinances. Speed was restricted to eight miles an hour, lights and signal bells were required and it was unlawful to ride more than two abreast. At this juncture, a Bicycle Squad was formed in the New York City Police Department.

Then the automobile cast its shadow upon the horizon of progress. The new vehicle began to force the bicycle from our streets and to present new problems of traffic and speed regulation. It was realized by police that the bicycle could not cope with this new menace to the orderly operation of traffic. The authorities decided to "fight fire with fire." In 1905 the motorcycle was introduced into police service. From the first moment its worth was apparent. Today the Motorcycle Bureau maintains a personnel of four hundred men.

While the primary duty of the Bureau is to operate against speeders, reckless drivers and violators of traffic regulations, the nature of its motor equipment, with a speed of from eighty to ninety miles an hour, provides a mobile police unit which makes possible its conversion to practically all requirements of police service. A complete mobilization of our 400 police riders may be effected within the hour. At the time of the attempted jail break at the Tombs Prison, Motorcycle Squad No. 1 arrived there, a distance of about six miles through

daughter, Catherine, of McHenry, attended the burial services for their Milk Cannon, Tuesday. After Frank Kennedy, of the committee of the Antioch local attended.

The AAA proposal guaranteed only a minimum price of \$1.70 to producers and no guarantee of retail prices. The Milk Council adopted a recommendation that the required butterfat content be raised from 3 per cent to 3.5. The delegation remained deadlocked until 3 o'clock Wednesday morning, when the meeting was adjourned until 10 o'clock.

Antioch Dissatisfied
When word came that Don Geyer and Mayor Kelly had resolved to call a halt to the strike, Antioch dairymen were reluctant to accept the decision, feeling that promises had not been fulfilled, nor their ends gained.

At first they refused to accept the decision, and picketed the roads as usual. During the middle of the afternoon six trucks were stopped and held until official notice was received of the strike's settlement. Geyer's and Kelly's decision to halt the strike was approved later in the afternoon by the assemblage of committeemen at the Auditorium Hotel.

All Antioch farmers resumed shipping this morning, according to Clyde McMurdo, manager of the Antioch Dairy Co.

Bartlett to Speak Before Men's Club

Mayor George B. Bartlett will be the chief speaker at the next meeting of the Antioch Men's Club to be held at the M. E. Church Thursday evening, January 18. His subject will be "Village Finances."

The regular 6:30 dinner will be served by the ladies of the church. Nason Sibley is in charge of the program for the evening.

A 35¢ dinner will be served to the public starting at 6:30 until all are served. A special table will be reserved for the Men's Club.

SIGN CONTRACT FOR WATER TOWER

Local Labor to Be Given Preference, Contractor Says

A contract with the Chicago Bridge and Iron Works for the construction of Antioch's proposed new water tower was signed Tuesday evening by the village president, George Bartlett, and village clerk, Roy L. Murrie, and the Company's bond of \$3,740 approved.

It is expected that work will commence as soon as the government gives a release on the grant contract.

As the grant contract was signed by village officials and sent to Washington about two weeks ago, a release is expected very shortly.

The Chicago Bridge and Iron Works will give preference to local labor, insofar as local men are qualified to discharge the work; however, most of the labor will have to be done by workers skilled in the structural steel trade.

Bond for \$3,740 was written by the United States Guarantee Company, with James Dunn, Antioch insurance man, acting as their agent.

Deeds whereby the village will acquire control of additional frontage to permit an outlet on Orchard street, and an extra 34 feet adjoining the southern line of the village property are expected to be signed within the next week. The signatures of the village board of seven members and ourtene property owners are required to consummate the deal.

ANTIOCH BANKS HOLD ANNUAL MEETINGS

Stockholders of State and First National Elect Directors

Directors for the ensuing year were elected yesterday afternoon for both the First National Bank and for the State Bank at the annual meetings of stockholders.

At the State Bank the vote of stockholders returned to office all of the seven members of the director has, value

a quorum was not present. Direct

will meet January 18 when offi

will be elected.

With his dream of avarice crashed

through failure to successfully prose

his ill-advised plan, unfriendli

ness is but a natural reaction

of Johnson's nature.

National Reduces Directorate

Stockholders of the First National

Bank this year elected only five di

rectors this year instead of seven as

heretofore. Those chosen for the en

suing year were: C. K. Anderson,

William A. Rosing, H. W. Vos, Otto S.

Klass and W. R. Williams.

The elected directors in a meeting

elected the following officers: C. K.

Anderson, president; William A. Rosing, vice president; S. Boyer Nelson,

cashier; Hilma A. Rosing, assistant

cashier.

Both banks made a very satisfac

tory and encouraging annual report

to the stockholders.

Antioch Auxiliary Lends Hand to Vets

Hours are long at the Veterans' Hospital, North Chicago, where several thousand disabled soldiers are being cared for, according to Mrs. William Anderson, president of the Auxiliary of the Antioch American Legion Post, and Mrs. Eva Kaye, rehabilitation chairman who have inaugured a plan to assemble games, puzzles, playing cards, magazines, books, etc., to send to the veterans to help them while away the time.

Any one who has articles of this kind is asked to report the fact either to Mrs. Anderson or Mrs. Kaye, who will call for them. Deliveries of such articles to the hospital will be made every month, according to the committee in charge.

Mr. and Mrs. Fred Peterson and Jeanette and Florence spent Sunday in Hebron with Fred Peterson, Sr., who was celebrating his eighth birthday.

Plan Night School Classes For Adults

Application has been made by the Antioch High school board with Mrs. Diamond, Waukegan, for four teachers and a librarian to conduct night and afternoon classes for adults. This will form a part of the national Civil Works Service program to relieve unemployed teachers.

Approval is expected before the end of the week, after which classes will be organized, a curriculum of subjects determined, and hours and dates of classes arranged. At present it is the intention of the school administration to request high school graduates seeking to enter classes to attend during the afternoon and other adults and the general public during the evenings.

It is not expected that classes will commence for two or three weeks.

ANTIOCH IS STUNNED AT A. B. JOHNSON'S GESTURE OF GREED

Planned to Re-Sell News at Profit of Thousands for Himself

HORAN SHOWS "LOYALTY" WHEN DEAL COLLAPSES

How the Antioch News blocked an attempt to confiscate a part of its mechanical equipment came to light last week when A. B. Johnson, holder of a chattel mortgage, through an unwarranted and wholly unjustified foreclosure action dispossessed the owner of an operating and going business, ejecting the owner and his employees from the plant, which remained closed for three days.

Nevertheless, a newspaper was issued Friday when the owner gained access to the plant, and on Saturday, Johnson, much to his surprise and to his great chagrin, received every dollar of his money.

Johnson had planned to grab the business for a small fraction of its value and to re-sell it quickly at an enormous profit for himself. Therefore, instead of being pleased that the money was paid in full, Johnson seemed highly displeased, assuming an attitude of extreme unfriendliness towards the publisher of the News, refusing even to talk with him on other business matters.

With his dream of avarice crashed through failure to successfully prose his ill-advised plan, unfriendli ness is but a natural reaction of Johnson's nature.

(Continued on Page 8)

BANK DEPOSITS

NOW INSURED

Antioch Banks Qualify Under New Federal Law

Deposits in both the State Bank of Antioch and the First National Bank are now guaranteed up to the sum of \$2,500 through the bank's qualification in the new Federal Deposit Insurance Corporation, a new branch of government service by which all banks which have qualified are insured up to this amount for each depositor.

Under the new law which became effective January 1, 1934, all national banks must qualify if they are to remain in operation, and state banks may apply for membership if they can qualify.

Although a most rigid inspection of condition is required before applications are approved, both local banks met the governmental provisions easily and started operations under the new law the day it became effective.

Naturally every depositor wants to know that his money is safe in the bank. The new deposit insurance is the strongest pledge of individual security ever offered to bank depositors.

The insurance feature does not cost the depositor anything, but the banks are assessed a premium which covers deposits in the \$2,500 class.

Sparks From The Strike

One milk driver, said to have obtained milk north of the strike area, boldly proceeded through the streets of Antioch daily, the milk surrounded and concealed by bales of hay.

A large truck was stopped here Sunday afternoon containing peculiar looking cans, suspected by the dairyman to be camouflaged milk cans. However, having doubts about breaking the government seals on the metal barrels, a small hole was drilled by the strikers in one of the wooden bungs, and the contents were found to be a brand of beer considerably stronger than 3.2.

Milk was served to the Antioch high school students this week without cost.

Antioch is reported to have been one of the last holdout pickets. Indeed, the farmers here were reluctant to believe that the strike had been called off, and continued their activities throughout the afternoon. A call came through from the Chicago Tribune to the News office about 5 o'clock yesterday afternoon saying that all other units but Antioch were allowing milk to move freely toward the city.

The Antioch News had all the semblance of a dairy plant yesterday afternoon, when five large trucks were lined up south of the building, and two more directly west on Orchard street.

Grant Additional Hours To Complete High School Project

New Drive North of Building Will Form Continuous Roadway

A wire granting a supplement of 3,000 hours of common labor and 1,000 hours of skilled labor to complete the two high school projects was received Saturday morning by George White, president of the Antioch Township High School board.

The plaster walls of the corridor and class rooms, which have remained unpainted since the construction of the new building in 1926 have been painted cream and buff. The athletic field and tennis courts were completed Monday with the exception of covering with clinders, which will be done later in the spring.

The crossing of the Soo Line railroad tracks to the baseball diamond and park will be located along the south line of the grounds, forming a continuation of the main entrance.

Organized in 1855

The Millburn Mutual carries over five and one-half millions in Lake county fire risks, and the company also places windstorm and other forms of insurance for their policy holders. It is one of the oldest companies in the state, having been organized in 1855, and chartered by the state 10 years later when Richard J. Ortsby was governor.

Representatives of several other mutual companies were in attendance at the meeting. The ladies served the usual fine chicken dinner at the noon hour.

ANTIOCH FARMERS MAY RECEIVE CORN REDUCTION BOUNTY

according to plans set by a department of the maintenance department of the Soo Line. C. A. Melmers, Petite Lake, will continue as landscape engineer in charge of laying out the park grounds.

Before work can be started on the second project of dredging a lagoon east of the proposed park, three bids for the contract for dredging must be received and submitted to the purchasing agent in Waukegan.

THURSDAY, JANUARY 11, 1934

1934 LOOKS BRIGHTER
 The end of 1933, so far as business is concerned, was characterized by marked improvement in some basic lines, smaller improvement in others, and retrogression in only a few. The business indexes covering the year present a strange, confusing picture. When the summer upward surge started, in direct opposition to usual seasonal tendencies, it was hoped and believed that it would continue. An unlooked-for fall drop, which was also opposed to the seasonal experience of other years, followed. Gloom was deepest at that time. Then business started up again, and December was a good month. Early reports indicate that department store sales shot up beyond expectations. Commodity prices were strong. Consumers' goods industries, especially, were active.

In brief, 1933 did not see the progress that was hoped for. The emergency relief measures have been something of a disappointment to even their creators. The Agricultural Adjustment Act has been particularly unsuccessful. But during the year a start toward recovery was made, and the public morale strengthened—a strengthening which has never been more evident than it is now, with 1934 opening.

THE TAXATION MENACE

"Unless taxation is reduced, it cannot be very long before private property is destroyed entirely," said Dr. Milbank Johnson of the California Taxpayers Association.

That is a thought which has been engaging a great many minds of late. Excessive taxation has

closed factories and caused the loss of jobs. It causes people to lose their homes. In some states a large percentage of the farm land has been taken over by government for unpaid taxes—in others taxes are years in arrears.

Budget Director Lewis Johnson has pointed out that the United States Treasury will sustain another great deficit at the end of the 1934 fiscal year, and that additional appropriations can be met only by increased taxes. State tax rates are far above any normal figure. Many county and municipal governments are on the verge of bankruptcy, with tax rates established which local citizens are unable to pay.

The American people face no greater issue than taxation. Economic government means progress, jobs, good wages. Wasteful or overly developed government means continued depression, more unemployment, more distress.

SILVER AS MONEY

The Administration's recent remonetization of silver is a definite step toward solving problems that have been talked about for generations. It means immediate benefits to workers, investors and the public. This is especially true of the West, where American silver mines are located. The mining depression in many states has been more severe than the general depression. Thousands of jobs have been lost, a vast amount of purchasing power has disappeared, and one of the most important sources of governmental revenue has dried up. Revival of silver will help this condition.

As for the economic side of the move and its influence on monetary matters, only experience can supply the answer. But it has long been the opinion of many able economists and industrial leaders that, in this complicated modern world, gold is not enough. Proof of this is in the fact that cheap silver has destroyed the purchasing power of half the world's population, and has come close to destroying foreign trade.

The move, it is believed, will be followed by action in other countries. It is a great experiment, with almost limitless possibilities for achievement.

**MILLBURN INS. CO.
REFLECTS OFFICERS****W. C. Petty Gives Talk on
"Character Training"
Before P.T.A.**

At the annual meeting of the Millburn Mutual Insurance Co. held at the Masonic Hall on January 6th, the following officers were reelected: L. S. Bonner, president; J. S. Denman, secretary; Carl Hughes, treasurer; Frank Kennedy, Wilbur Swayer and John G. Wirtz, directors.

The Parent-Teacher association met at the school house on Tuesday evening. After the business session, all enjoyed the program which included a reading by A. G. Torfin, two piano solos by Frank Petty, vocal solo, Wallace Torfin, solo by W. C. Petty, and a splendid talk by Mr. Petty on "Character Training." This was followed by motion pictures.

At the annual chicken pie dinner served in connection with this meeting, \$26 was realized for the church treasury.

Dr. H. E. Jamison, who has been ill the past three months, is now able to sit up several hours every day.

George Dodge, Jr., returned to his work at the George White farm on Saturday after two weeks' vacation with his parents, Mr. and Mrs. George Dodge in Oak Park.

Mrs. Robert Bonner has been on the sick list the past two weeks.

Robert Brenton, who has been with Bonner Bros. for 2½ years, has returned to the home of his father in Waukegan.

Richard Martin returned to Appleton Wednesday after spending two

sick days in the hospital.

There was a good attendance at the Christian Endeavor business meeting at the Carl Anderson home Friday evening.

Mrs. George Edwards and Mr. and Mrs. Bert Edwards spent Sunday afternoon at the Earl Edwards home in River Forest.

Richard Martin returned to Appleton Wednesday after spending two

sick days in the hospital.

This question of correct values sooner or later confronts all mankind; and, like the business man, every individual who is eager to advance in the right direction will take account of his personal stock by making a careful analysis of his spiritual, mental, and moral condition. He will devote himself resolutely to the task of eliminating from his storehouse of thinking whatever is undesirable or destructive to health, holiness, and success, and seek to replace it with that which will bring peace and happiness not only to himself but to all upon whom his thoughts may rest.

While a business man may take stock only once or twice during the year, in the textbook of Christian Science, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, we read (p. 233): "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin,

sickness, and death by the power of Spirit, as Jesus destroyed them."

It is an element of progress, and progress is the law of God, whose law demands of us what we can fulfill.

Necessarily we must progress, since that is God's law. Then if that law, the law of divine Love, demands of us what we can fulfill, we need not hesitate, or even be in doubt, for no problem is too difficult for true understanding of Mind to solve, and no error too subtle for Truth to uncover.

It is our part simply to be obedient to God's behest and to relinquish in thought, as fast as practical, aught that is unloving, selfish, unkind, dishonest, and impure.

TWO FORMER WILMOT RESIDENTS PASS AWAY

Three Marriages of Local Interest Occur Recently

Burial services for August Jorgenson, of Kenosha, were held at Wilmot cemetery Saturday afternoon. Mr. Jorgenson, husband of Mrs. Mette Kroncke Jorgenson, was a former resident in the locality and well known in this community. He had been ill for a long period of time preceding his death. Mr. Jorgenson is survived by his wife, a daughter, Sylvia, and a son, Clements.

Edward Gannon, a former resident in Wilmot, died in Chicago Friday after a long illness. Funeral services were held in Chicago at the Resurrection church Monday morning with interment in the Holy Name cemetery. Mr. Gannon is survived by his wife, Mrs. Margaret Turner Gannon, two sons, Lawrence P. Edward, Jr., and Mrs. Abel Cantu; three sisters, Mrs. Margaret Molitor, Mrs. Jennie Stapleton and Mrs. Kate O'Malley, of East Troy.

Copied from Kenosha News—At a ceremony which took place at St. Joseph's church, Grafton, Wis., on December 30 at ten o'clock with Rev. J. Brasky officiating, Miss Mary N. Daly of Silver Lake, became the bride of Arthur G. Gegan of Salem. The bride is the daughter of Peter Daly of Detroit and the niece of Mrs. John Ludwig, of Silver Lake, with whom she has always made her home.

Miss Ruth Stoxen, youngest daughter of Mr. and Mrs. A. C. Stoxen, of Randall, and Alden Allen, son of Mrs. N. Allen, of Kenosha, were married at Waukegan on Tuesday, January 2. Mr. and Mrs. Allen are making their home at Genoa City, where the groom is employed.

Grace Carey and Grant Tyler attended the wedding of Bertha Miller, Richmond, daughter of Mr. and Mrs. Joseph Miller, and Frank Bergama, son of Peter J. Berg, Jr., held at nine o'clock yesterday morning at St. Joseph's church, Richmond, the Rev. J. Crotty officiating. Attendants on the bride were Loretta Bergama, Katherine Warner, Lake Geneva, and Elizabeth Miller, sister of the bride, Richmond. The groom was attended by Robert Bergama, brother, and Raymond Miller, brother of the bride. A reception followed the ceremony.

Grant Tyler was ill with appendicitis and under the care of Dr. R. Mullen from East Troy, last week.

Mrs. Warren Sarbacker and Mrs. Frances Reiter of Silver Lake are entertaining at a five hundred party for the benefit of the Holy Name Church at the former's home in Silver Lake, on Friday afternoon. A cordial invitation is extended to the public to attend.

Forty-eight attended the first regular band rehearsal at the high school on Tuesday evening. Rehearsals will be held each week on Tuesday under the direction of Tom Pope, former band director from Kenosha.

Rhoda Jedele returned home from the Burlington hospital on Saturday. Miss Jedele was operated on for appendicitis the 26th of December.

Louis Blenneman has been seriously ill and under the care of a physician.

Mrs. Lloyd Stoxen is substitute teacher for Rhoda Jedele at the Channel Lake school this week.

There will be English services at the Lutheran church at 9:30 next Sunday morning.

Mrs. Minnie Herrick was brought back from the Burlington hospital before the holidays. Mrs. Herrick was a patient at the hospital several weeks following a fall in which she broke a hip bone.

Grace and Erminie Carey went to Chicago Sunday to be with their sister, Mrs. J. A. Nolan, who was operated on Monday at the Presbyterian hospital.

Wilmot High School's conference champions will play Waterford's team Friday night at Wilmot gym. First game starts at 7:30 p.m.

Mr. Gegan is the son of Mr. and Mrs. Frank Gegan of Salem.

Mr. and Mrs. Gegan will reside in Chicago where the groom is in business. Mrs. Gegan is a graduate of the 1929 class of the Wilmot high school. She was also graduated from Whitewater State Teachers College and for the past two years taught at Sullivan, Wis.

Mr. and Mrs. Ray Bulton, George Hyde were among the guests at a 500 party for the Misses Frieda and Emma Sattieen who were home from Evanston, on last Friday evening.

Mr. and Mrs. George Adams and

Motorcycle Aids Police Efficiency

(Upper left) James S. Bolan, Police Commissioner, City of New York. (Upper right) The motorcycle officer's job is to protect pedestrians and motorists alike. (Above) This type of motorcycle police strikes terror to gangsters and hold-up men.

By HON. JAMES S. BOLAN
Commissioner of Police,
New York City

IN 1897 the bicycle gained such popularity that it became a principal form of recreation. Thousands of bikes were in use, and with the new craze came the speeder and the reckless driver, necessitating new laws and ordinances. Speed was restricted to eight miles an hour, lights and signal bells were required and it was unlawful to ride more than two abreast. At this juncture, a Bicycle Squad was formed in the New York City Police Department.

Then the automobile cast its shadow upon the horizon of progress. The new vehicle began to force the bicycle from our streets and to present new problems of traffic and speed regulation. It was realized by police that the bicycle could not cope with this new menace to the orderly operation of traffic. The authorities decided to "fight fire with fire." In 1906 the motorcycle was introduced into police service. From the first moment its worth was apparent. Today the Motorcycle Bureau maintains a permanent force of four hundred men.

While the primary duty of the Bureau is to operate against speeders, reckless drivers and violators of traffic regulations, the nature of its motor equipment, with a speed of from eighty to ninety miles an hour, provides a mobile police unit which makes possible its conversion to practically all requirements of police service. A complete mobilization of our 400 police riders may be effected within the hour. At the time of the attempted jail break at the Tomba Prison, Motorcycle Squad No. 1 arrived there, a distance of about six miles through

congested streets, in seven minutes. An armored sidecar unit is maintained and is much in evidence in the financial and business sections. This unit has effected cooperation with the Detective Division in patrolling sections of the city frequented by gangsters and other criminals. The men are armed with shotguns and protected by armor plate and bullet-proof glass. The moral effect of this unit is self-evident. Another unit is charged with the duty of inspecting motor vehicles to determine their fitness. More than ten thousand such inspections are made annually.

A motorcycle policeman's job requires a departure from other lines of police endeavor. His main contact is with the motoring public, who, after all, are not engaged in the commission of actual crimes. Often the offender is guilty of omission rather than commission. It has often been observed that the individual who is ordinarily mild mannered and courteous sometimes suffers a change of disposition when he sits behind a steering wheel.

It might interest readers to know how the activity of this Bureau is divided against the various classes of motor vehicles. During the year

1932, the Motorcycle Bureau operated against 13.20% of the pleasure vehicles registered; 21.58% of the commercial vehicles and trailers; 18.58% of taxicabs and omnibuses; 14.44% of motorcycles. It will thus be seen that the greatest number of offenders come from within the commercial vehicle class.

The object of the Police Department is to safeguard the lives of pedestrians, and to control vehicular traffic so the movement of both will be safely and expeditiously handled. The motorcycle is of great value in this work.

daughter, Catherine, of McHenry, attended the burial services for their uncle, Edward Gannon, Tuesday. Afterwards they were guests of Mr. and Mrs. Ben Neff.

A very interesting program was held at the Patron's Club meeting at the high school Monday evening. The program opened with a 20-minute musical program by the music department under the direction of Miss Gladys Bulton. M. M. Schnurr, principal, gave an instructive talk on Changing Education. Patron's Club members present then took the places of the regular school students and reported at the classes in which their children are enrolled. The high school teaching staff met them in their respective rooms and explained in detail the work and aims accomplished in the various departments during the school year.

Lions' Club Broadcasts
New Year's eve marked some sort of a high for the local Lions' club which is no longer but of national fame. The officers of the club were invited by the National Broadcasting system to announce the results of the annual Lions' contest over the air from the studios in the Merchandise Mart in Chicago. Bo Correra of Langhorne, Pennsylvania, who won the coveted rubber medal for stretching the truth this year. His life follows:

"My grandfather had a clock that was so old that the shadow of the pendulum swinging back and forth had worn a hole in the back of the case."—Burlington Free Press.

Building Increases
Libertyville building activities during the past year showed an estimated total of \$30,700 according to permits issued at the office of the village clerk for the twelve month period just ended. A large percentage of the permits were taken out for repairs and alterations, although there were six new structures put up during the year, including three homes, a business block, a filling station and a private garage.—Libertyville Register.

Rust spots can sometimes be removed from linens by moistening with lemon juice, covering with table salt and placing in the sun to dry.

TREVOR BOY ILL WITH EAR TROUBLE

Community Club to Hold Business and Social Meeting

The younger son of Mr. and Mrs. Arthur Bushing is very sick with ear trouble and is under the care of a nurse.

Our Community Club will hold their January business meeting at Social Center hall on Wednesday evening, Jan. 17. After the business meeting cards, bunco and lunch will be enjoyed.

Dr. Becker of Silver Lake made professional calls in Trevor Wednesday and Friday.

Miss Mary Shaeen went to Chicago Thursday to visit her sister, Mrs. Charles Miller and family.

Byron Patrick and family, Salem, spent Thursday evening at the parental home.

Mrs. Harold Mickle attended a shower for Mrs. Huffendick, Antioch, on Friday evening.

Arthur Holtord, Silver Lake, made a business call in Trevor Friday.

Messrs. William Van Osdel and Steve Kolaney, Chicago, called at the former's cottage Friday.

John Mutz, Jr. and family and Pete Schumacher and family attended the funeral services for Joseph Letzer, Jr., in Chicago Saturday.

On Sunday Mr. and Mrs. Harold Mickle entertained Mr. and Mrs. Henry Antz, Chicago, Mr. and Mrs. Hans Dietrich, Twin Lakes, and Mr. and Mrs. Bernard Kochman, Antioch.

Mrs. Charles Barber, sister and daughter, Mrs. Eugene Frank, Silver Lake, called on Mrs. George Patrick on Saturday.

Mrs. Lucy Hollister near Bristol entertained the Trevor 500 club on Wednesday afternoon. After a pleasant afternoon at cards a fine luncheon was served by the hostess. Mrs. Arthur Runyard will entertain the ladies this Wednesday afternoon.

Mrs. Phil Layenoski, Mrs. Henry Ernie, Mrs. Charles Oetting and Miss Jane Ritchie were Kenosha visitors Friday.

Chris Ehlert and E. Schultz, Silver Lake, called at the Charles Oetting home Saturday.

John Friedhoff is making an indefinite stay at the Joe Selear home near Bristol and his daughter, Madeline, is visiting a sister in Chicago.

Mr. Shellhammer arrived Sunday

morning from Livingston, Mont., with a carload of fine horses for sale on Thursday.

Mr. and Mrs. D. A. McKay and Miss Ruth Thornton were Chicago visitors Thursday.

Six carloads of western sheep were unloaded at the stock yards Sunday morning for feeding.

Alois Hahn, Jr., Chicago, is making an indefinite stay with his father, Alois Hahn, Sr.

Mr. and Mrs. George Houman and daughter, Racine, spent Friday evening at the Klaus Mark home and on Saturday, Mrs. Pete Aledsen and sons, Kenosha, spent the day there.

Ashes are Waste.

there are few ashes with Waukegan Koppers Coke

Compare the amount of ashes in each of these containers. The large one holds ashes of an ordinary fire. The small one ashes of Waukegan Koppers Coke. Both quantities of ash represent the same period. Clear proof that—Waukegan Coke leaves few ashes—saves you money.

LOOK for SAVINGS in the HEAT you get from a fuel—not in the price per ton!

When you select your fuel—here is a reliable rule to follow: order the fuel that gives you most heat for your money. Waukegan Koppers Coke is practically all carbon—the substance that produces heat. The carbon content of Waukegan Koppers Coke burns almost completely—makes no dust, smoke or soot—leaves few ashes. The economy of burning Waukegan Koppers Coke is in its heat producing qualities—it's absolute cleanliness—and its ease of control. Try it in your heating plant now! There is an economical size for your requirements.

Free heating plant inspection

Are you sure your heating plant is giving you efficient service? It will cost you nothing to find out! Simply telephone your fuel dealer and ask to have a service man make a thorough inspection of your heating plant. There is no cost or obligation to you. Why not call today?

Fortress Monroe Installs Officers

The daughters of the G. A. R. held their installation in the Odd Fellows Hall Monday evening. Anna Kelly acted as installing officer and Myrtle Thomas of Libertyville as officer of the day. They were assisted by Comrades Balm, Morris, LeBaron, and Lain of Waukegan, acting as Color Bearers.

The following officers were installed: Commander, Lottie Jones; senior vice commander, Addie Crowley; junior vice commander, Lotus Laursen; quartermaster, Carrie Norman; chaplain, Anna Kelly; officer of the day, Ida Kufalk; patriotic instructor, Emma Miller; officer of the guard, Alma LaPlant; registrar, Lottie Jones; trustees, Maud Sabin, Myrtle Norman and Olive Haycock; adjutant, Olive Haycock; color bearers, Maud Sabin, Erma Powles, Myrtle Norman and Dora Sabin. Department Commander Bonnie St. Peter and Department Inspector Myrtle Thomas were official guests. Evelyn Turk of Waukegan, who is their commander for the year 1934, and several other guests were present.

After installation lunch was served. Several speeches were delivered and toasts concluded a very pleasant evening.

Rebekahs Hold Annual Installation

Mrs. Mary Runyard became Noble Grand of the Rebekahs at the annual installation held Friday evening. Other officers installed were: vice grand, Mrs. Eva Barnstable; recording secretary, Mrs. Reba Slyster; treasurer, Mrs. Caroline Horan; fiscal secretary, Mrs. Edna Drom; attorney, Mrs. Ida Osmond; staff captain, Mrs. Caroline Horan.

The five trustees are Mesdames Alice Keulman, Mary Drom, Dorothy Johnson, Goldie Anderson, and Willard. Appointive officers are: Chaplain, Mrs. Cora Radtke; right and left supporters of the noble grand, Mrs. Ida Osmond, and Mrs. Sophie Hennings; right and left supporters of the vice grand, Mrs. Irma Powles and Mrs. Mary Drom; warden, Mrs. Maren Simonsen; conductor, Mrs. Olive Keulman; inside guardian, Mrs. Goldie Anderson; outside guardian, Will Runyard.

AUXILIARY ENTERTAINED AT GRAYSLAKE

Seventeen members of the Antioch Auxiliary were guests at the initiation ceremony at Grayslake Monday evening, when seven members were initiated. The remainder of the evening was spent playing cards, after which a delicious lunch was served. Mrs. Carrie Horan won first prize.

Those present from Antioch were Mesdames Agnes Hill, Sine Laursen, Eva Kaye, Jean Ferris, Dorothy Shultz, Margaret Root, Lillian Jensen, Eda Walance, Ethel Zimmerman, Helen Radtke, Erma Powles, Carolyn Horan, Rosabelle Anderson, Mary Chase, Catherine Reinke, Betty Mortensen, Ethel Peat.

HOLY NAME SOCIETY TO HOLD BANQUET

Judge Francis Allegretti, of the Superior Court of Cook County, will speak at the annual banquet sponsored by the Holy Name Society of St. Peter's church at the hall at 7 o'clock Tuesday evening, January 16. The program will include several musical numbers, with a trumpet solo by Martin Boyle, a saxophone solo by Miss LaVerne Boyle accompanied by Hans von Holwede at the piano; and a vocal solo by Charles Cermak. The Altar and Rosary Society will serve the dinner. Program arrangements are in charge of Charles Cermak.

MRS. BRIGHT ENTERTAINS AT CRAZY BRIDGE PARTY

CHRISTIAN SCIENCE CHURCHES

"God" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, January 7.

The Golden Text was, "O Lord of hosts, God of Israel, that dwelt between the cherubim, thou art the God, even thou alone, of all the kingdoms of the earth: thou hast made heaven and earth" (Isaiah 37:10).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "There is none like the Lord; for there is none beside thee; neither is there any rock like our God" (1 Samuel 2:2).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Divine metaphysics, as revealed to spiritual understanding, shows clearly that all is Mind, and that Mind is God, omnipotent, omniscient, omnipotence—that is, all power, all presence, all Science" (p. 276).

Mrs. Laurence Hoffman has been entertaining her niece from Chicago the past week.

Mrs. Evelyn Peacock is visiting at the El. Peacock home, Wilmot. The family expect Private Howard Peacock to return home this week. He has recently returned from Siberia.

How to Eat for Health and Beauty

Joel McCrea and Dorothy Jordan who will soon appear in "Girl Meets Boy" present a "before and after picture" of the sun tan process.

THE darker the tan the whiter the teeth. It's true that teeth have been showing up to better advantage lately with tanned faces forming a flattering contrast. But teeth kept healthy and beautiful by diet, dentistry and brushing are sparkling additions to beauty all the year around. Fresh milk with its calcium and phosphorus; oranges or tomatoes with their Vitamin C, and cod liver oil supplying Vitamin D are the big three in tooth foods.

TODAY'S MENU

Breakfast
Sliced banana 1 medium
Cornflakes 3/4 cup
Milk or cream 1/2 cup

Icebox Cakes Are Pleasing To Bridge Or Luncheon Guests

This freezing weather is the ideal time to prepare frozen concoctions such as icebox cakes and gingers. Icebox cakes, with their many possible variations are delightful to serve at teas, or bridge luncheons.

Method

The general method of assembling icebox cake is to line a mold with sponge cake, wafers or crackers. Spread with cream and then arrange alternate layers of crackers or cakes and cream and let stand in refrigerator from six to twenty-four hours. Then unmold on serving plate and serve with or without additional cream. For individual serving cut large mold diagonally in slices.

Combinations

(1) Eighteen social teas, crumbled and mixed with 1 pint strawberries crushed, mixed with 1 cup powdered sugar, 1 cup heavy cream, whipped, and 1/2 teaspoon vanilla. Chill six hours.

(2) Vanilla wafers combined with a mixture of 1 1/3 cups condensed milk, beaten with 2 squares of unsweetened chocolate, melted; in alternate layers.

To make a Bavarian cream by combining whipped cream with any simple gelatin mixture or with fruit. Sponge cake with a strawberry gelatin cream is very good.

(3) Gingersnaps and orange-flavored gelatin-cream mixture, combined.

(4) Two dozen chocolate wafers combined with 1 1/4 cups whipped cream mixed with 1/4 pound of shredded coconut and 1/2 teaspoon vanilla, in alternate layers.

(5) Sliced sponge cake or lady fingers with a mixture of 1/2 cup grated pineapple mixed with 1 cup powdered sugar, 1 cup whipped cream and 1/2 teaspoon vanilla.

(6) Sponge cake or vanilla wafers with coffee-flavored gelatin-cream.

(7) Vanilla wafers with a mixture of 1 1/3 cups whipped condensed milk, beaten with 3 tablespoons of thick maple syrup and 1/2 cup chopped nuts.

Ice Box Gingers

1 cup sugar
1/2 cup butter
1/2 cup lard
1 tablespoon ginger
1 cup molasses
4 tablespoons hot water
1 tablespoon cinnamon
1 tablespoon soda
1/2 cup flour.

Cream sugar and shortening. Sift dry ingredients, excepting soda. Add alternately to creamed mixture with molasses. Lastly dissolve soda in hot water and add. Make into one roll and place in refrigerator to chill. Slice very thin and bake. The thinner they are sliced the more crisp they will be. Fifteen minutes in 375 degree oven. Makes six dozen.

Fashion Previews

New muffs, nearly as large as pillows, cover the entire front of the figure, and are of beaver, astrakhan and other furs. Evening muffs are smaller and often are covered with ostrich fronds or pink rose petals.

—o—

Purses, too, are very large—big round things of antelope or calfskin, with a pouch large enough to contain every necessary feminine make-up accessory.

—o—

Some of the smartest slippers for both day and evening are being shown with a decided lowering of the heels. Vamps have lengthened.

—o—

Hats are assuming brims, and moving backward on the head.

—o—

A trend away from the muffed neck is seen in the Paris models for spring. Low backs, and specially designed capes and drapery emphasize the back.

—o—

The end of the reign of simplicity in the adornment of the figure with jewelry is noticed this season. Large stone rings, bizarre jewelry, gold brooches, trinkets, dog collars, hair combs, buckles, of brilliance and sparkle forth in abundance.

—o—

Two new bags of a smoke gray with a blue for a similar smokiness are a favorite of those who are troubled by the complaints of their hair such as it is sadly defacing the lining.

Home Furnishings Reflect Personality

Room Accessories Are as Telling as Details of Personal Attire

If every housewife took as many pains with the details of her home furnishings as most of them do with the details of their personal appearance, what a transformation there would be. A visit to a house hitherto unvisited would be as exciting as a trip with Alice through Wonderland, for one could be sure that every home would reflect in every nook and cranny the personality of its owners.

Many rooms do, now. And many do not. There isn't much personality expressed in the ordinary, humdrum rooms, unenlivened by the individual touch, or in the correctly staid furnishings. Carefully chosen accessories add the necessary flair to a room.

One Thing at a Time

One can't acquire everything at once; but anyway, it's lots more fun to string out the acquisition of desired articles. Two or three obtained in a year would effect a remarkable change before even a fraction of a generation had elapsed.

Quaintness for Maple

Accessories appropriate to maple furnishings are simple, rather old-fashioned or quaint, and of a peasant-like solidity. Open Welsh dressers, or corner cupboards or chests are enhanced by pewter, brass, and copper bowls, plates, candlesticks or trays. Copper is returning to favor. Bittersweet berries in a pewter bowl, or colorful gourds add the crowning touch.

Other attractive additions to the maple room are Mexican glassware, white Quimper ware or gray or yellow Italian pottery, or blue and white willow ware.

Delightful wall coverings include decorative maps mounted on thin wooden plaques and shellacked copies of old prints showing birds, flowers, ships, or silhouettes. Floors call for hooked, or woven rag rugs.

Sophistication for Mahogany

Mahogany furnished rooms are best accented by aristocratic pieces such as glass candelabra with crystal drops; candlesticks; lamps with artistic Chinese ginger jar bases and silk shades; tall, painted leather screens, grandfather clocks; mirrors; silver crystal or white porcelain vases filled with flowers, oil paintings, prints or cities in natural wood frames.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRVING
Director, Physical and Health Education
New Jersey State Department of Public Instruction

Colds

The season for "colds" is here. With each passing year, more and more people learn that the cold is a bacterial or germ infection. The meaning of "lowered resistance" is better understood. We know that it occurs when we're too tired, when we become chilled, or when we worry for long periods. We know too the importance of avoiding persons with colds, especially of staying out of range of coughs and sneezes.

Hygiene, that much abused word, is also becoming understood. More people than ever before recognize the importance of going to bed when the first signs of a cold appear. Let's encourage it. And particularly with children, let's make it a household law. Along with rest in bed, the adequate diet is most essential. The fruit juices especially are valuable. Oranges, lemons and grapefruit make good medicine. Milk works its wonders here, just as effectively as in the daily diet when you're well.

When your child takes cold, keep him at home. Don't send him to school. That seems to be the one important rule to be digested.

It may mean contagion—more colds; and perhaps more serious complications.

For those who are worried about the health of their children, Dr. Irving will write about children's growth.

Signature And Title Rules Are Relatively Simple

English people wonder why most Americans never seem to learn the correct system of their titles, and the relative distinctions in rank, signified by these titles. Americans, as a rule, don't have to worry about that; what they do worry about is proper signatures and the correct use of American titles.

Here are a few helpful rules:

Both men and women sign their full names, unless exceedingly long, in signing all but intimate letters. Men writing business letters or personal correspondence may use their first initial with their last name. A married woman is entitled to use her maiden given and surname plus her husband's surname. The titles Miss, Mr. or Mrs. are never used with signatures, unless the Miss is prefixed in parentheses. A married woman may add her married name in parentheses just below her signature, and a little to the left, as:

Joyce Willard Jones
(Mrs. Kenneth John)

Title on Calling Cards

Calling cards should be simple, without ornamentation, and the engraving should never be in fancy type. Size, material, and style of engraving of the card changes with the passing fashions. A married woman uses her social title of Mrs. Kenneth J. Jones rather than her Christian name. Socially, a widow is Mrs. Kenneth Jones rather than Mrs. Joyce Jones, contrary to most public opinion.

If a woman remarries, she takes her second husband's name. A woman never has the right to use the husband's title of doctor, professor, etc.

When a man bears the same given name as his father, both he and his wife add the "Jr." to the name on the engraved card, until the father dies. Then the mother uses "Sr." or some other variation of her name to avoid confusion.

A man's professional title may be used on his cards, as his title is a part of himself. However, if the title is one of office, or temporary, it is to be discarded after he is out of office. Governors and senators simply may be Dr. James Watson, or James Watson, M. D. A clergyman uses the abbreviation of his title prefix "Mr." on their cards. A doctor "Rev." before his name.

Origin of Custom of Placing Candles On Birthday Cakes Is All a Mystery

By Doris H. Tiedale
Royal Baking Institute

JUST how or when the custom originated of placing candles on birthday cakes is a mystery. A candle manufacturer says that the burning of candles is symbolic of the fact that another year has passed away. He believes that to have been the origin of the birthday cake.

No birthday is complete without cake and gleaming candles, whether one is five or eighty-five. Gorgeously decorated with colored frosting, and boasting pretty candles for every year, the birthday cake is a glorious tribute.

Cakes for little tots must be simple, depending entirely upon their thin colored icing and gay candies for their festive mood. As the children grow older the cakes may be richer and more thickly iced. And half the fun of the party depends on letting youngsters taste their own cakes. Marks are first made in the frosting, indicating where each slice should be cut.

The merry-go-round cake pictured above is good for very small children.

To Hold Ski Tournament

The 28th annual tournament of the Norge Ski Club will be held at Fox River Grove on January 21. The tournament will decide the national ski championship for 1934. This will be the fourth time that Fox River Grove has been the scene of the national championship contest, the last national tournament having been held there in 1930.

Roy Mikkelsen, former Chicagoan, now a member of a California ski club, is the present national champion.—Waunakee Leader.

Huntley is B. B. Champ

Woodstock's Blue and White quintet bowed to the Huntley cagers 29 to 20 in the championship game of the tourney held at Crystal Lake Dec. 30. It is the first time in the history of McHenry county tournaments that Huntley has topped the title game.—Woodstock Journal.

Uncle Sam Advises The Use of Raw Vegetables

THE Bureau of Home Economics of the U. S. Department of Agriculture has published a bulletin advocating the eating of vegetables in the winter time. It said to eat them raw as often as possible—in salad and other ways. The vitamins they contain are even more important in the winter when one's vitality is at a lower ebb. Fresh vegetables are available any month of the year at low cost. A few well-balanced and economical winter menus follow, in each case they include a salad, containing at least one raw vegetable. You will find these menus both tempting and satisfying.

Winter Supper Menus
Corned Beef Hash
Fresh Buttered Spinach
Hot Muffins
Molded Beef and Cabbage
Apple Brown Betty
Coffee

Baked Hamburger Steak
Baked Squash
Buttered Onions
Hot Baking Powder Biscuits
Jellied Winter Vegetables
Fruit Custard Pudding
Coffee

Boston Baked Pork and Beans
Encrusted Tomatoes
Raisin Brown Bread
Pineapple and Carrot Salad
Chocolate Pudding
Coffee

Sunday Night Supper
Cream of Tomato Soup
Apple, Celery, and Tuna Fish Salad
Hot Cheese Biscuits

Raisin Cookies
Cocoa
Molded Beef and Cabbage Salad

1 package lemon-flavored gelatin
1/2 cup hot water
2 tablespoons lemon juice
1/2 teaspoon salt
1/2 cup canned pineapple, diced and drained

To mayonnaise add other ingredients in order given. Serve on crisp lettuce. Garnish with additional mayonnaise. Serves 6.

Apple, Celery, and Tuna Fish Salad
1 cup apples, pared and diced
2 tablespoons lemon juice
1/2 cup celery, sliced
1/2 cup tuna fish, baked
1/2 cup mayonnaise

Cover bread with ham, cheese, bacon, lettuce, tomato, and mayonnaise. Serve 4.

County Population Increases

Lake county's population on January 1, 1934, was 110,500, as compared to 109,000 a year ago. The population of Lake county in 1930, according to the federal census, was 104,387; in 1920, 74,285; in 1910, 55,058; in 1900, 34,504. The per cent of increase from 1920 to 1930 was 40.5, an average of a little over four per cent a year; the percent of increase the past year was a little less than one and one-half per cent.

McHenry Co. Selected for

Farm Housing Survey

While business men are taking their January inventories, to see how they are to prepare for 1934, the farm families of McHenry county will be having another and most interesting inventory of their own plants, the farm homes, through the medium of the rural housing survey, to be conducted by the Bureau of Home Economics in Washington and the Home Extension agents in the various states—McHenry Plaindealer.

Correspondence schools in this country do a gross business of \$7,000,000 annually, serving 200,000 pupils in the United States, and more than 75,000 pupils in foreign countries.

Parents Urged to Take Own Advice on Milk Drinking

By WALTER W. McLAUGHLIN
Director, Illinois Department of Agriculture

HERE is nothing original in our recommendation that you use more of the milk and dairy products that your Illinois farmers are producing.

Ever since the first cow ever lived to swish a tail, told parents, anxious for their children's success in life,

WALTER W. McLAUGHLIN, DIRECTOR, ILLINOIS DEPARTMENT OF AGRICULTURE

have probably been urging little Johnny and Mary to "Drink Your Milk." But now scientists, teachers, and nutritionists are urging those anxious elders to take their own advice. Out of the confusing mass of material on foods recommended for health this fact of milk's paramount importance seems to be one of the few on which they all agree.

Of course those early parents only guessed that milk was good for them. We today know why this is so. In the sober, scientific language of such unchallenged nutritional authorities as Professor H. C. Sherman of Columbia

University, here is one of the most important reasons why, for the best health, the American people should drink more milk: "Milk is the cheapest and surest protection from the nutritional deficiencies which open the way to diseases and life-long injuries to health, happiness and working efficiency."

Perhaps the most important single element in milk that contributes toward this end, is that mineral which is one of the most necessary substances and one of the most neglected in the American diet; a mineral which cannot be taken into the body in adequate quantities in any food except milk. This mineral is calcium, without which teeth and bones cannot be properly formed and maintained, or the best health enjoyed.

Milk Helps "Preserve Characteristics of Youth."

Another essential element which is best secured in milk is Vitamin G, which has so much to do with the "preservation of the characteristics of youth."

And for housewives milk has another very distinct advantage—as a time-saver in the business of preparing three meals a day, for as a beverage it requires no preparation. By the simple gesture of pouring it into a glass, the housewife has gone a long way toward preparing a complete, refreshing meal. And it makes the preparation of other foods easier by improving their flavor, making them go further, and completing their food value. Cream soups, creamed vegetables, custards, frozen desserts, milk drinks—all these are popular dishes which could not be made without milk. And you don't need to worry about heat or cold affecting the vitamins in this food. Boil it or freeze it. Still you'll have all but a small fraction of its original food value.

Sometimes corn flakes and bran flakes are quicker and easier to use for crumbling than bread crumbs. Dirt can be removed from gilt picture frames by using a little warm water to which is added a little household ammonia.

Card of Thanks

We wish to thank our many friends and neighbors for their kind expressions of sympathy during our recent sorrow.

Mrs. Walter Palmer and Sons.

NEWS BLOCKS

JOHNSON DEAL

Continued From Page 1
ed into the past week Mrs. Nason (Hazel Tiffany) Sibley became a partner by purchasing a one-half interest in the plant and business. Such a re-organization had been in contemplation for many months, and thus the present emergency served to bring the deal to immediate realization.

Greed Blinds Judgment

The injustice of this untimely foreclosure action on the part of Johnson who struck from the dark at a very time he assumed the News to be least able to offer resistance, is without parallel in the annals of Antioch's business history. Friends of the Antioch News who are in possession of facts know the inside story of this gesture of greed; however, there have been so many false rumors circulated, (evidently a feeble effort at self-justification on the part of the mortgagee) that a recital of the revolting facts connected with this attempt to take over a \$25,000 property while it was being operated as a going business, needs the fullest publicity.

Here are the facts:

Johnson held a mortgage for \$3,200 on a part of the News' equipment. This was the remaining part of an original loan much larger. The status of this loan at the time of the foreclosure was: Interest paid in full for current year. On account of generally depressed business conditions, and due to the fact that he had been paid \$500 more than he had asked for the previous year, Johnson waived payment on a 1933 principal note. This agreement was a verbal one and was made in the presence of four people. Not only did Johnson make this verbal agreement with the mortgagor, but there was also a written agreement to the effect that no foreclosure action could be started until after the mortgagor had been given 60 days notice of such intention in writing.

Yet, believe it or not, Johnson, without a moment's notice, last Tuesday had his agents seize and padlock the News, and John Horan, rival printer, installed as custodian.

Dream of Profit Fades

The mortgagee's action is better understood when it is known that the News has, and always has had, a ready sale value of thousands of dollars. Johnson knows that if anyone does. Therefore, as a venture in shrewd financial manipulation, Johnson planned a quick foreclosure, in violation of his verbal and written agreement, whereby he would repossess himself of the plant and business to be disposed of later at a profit of thousands of dollars for himself. He is quoted as declaring that he intended to operate the plant in his own name for a while and then sell it.

Profiteering Deal Changes.

While this set-up was being contemplated and Johnson was speculating upon the profits to be made by the transaction, the complexion of the entire deal was changed last Wednesday with the entrance into the picture of a gentleman from Iowa, a buyer who recently had sought to negotiate for the purchase of the News. The Iowan found the News plant locked and custodian Horan sent the man to A. B. Johnson instead of to H. B. Gaston, owner of the News, as he should have done. Johnson made an appointment with the prospective purchaser to return to Antioch Monday of this week, stating that "Gaston was out" and it was he (Johnson) who would make the deal.

Iowan Spills Beans

These facts came out Friday when the Iowan returned to Antioch, believing that the News was to be sold that day. Through a serious error in the original notice, a second notice was posted which postponed the "sale" until Saturday. Friday the Iowan saw the owner of the News instead of Johnson, who did not know the man was in town.

In the first set-up conceived by Johnson, his friend, John Horan, is said to have figured in the picture as being concerned with the operation of the plant by Johnson, and so sure was Horan that he was coming to the News that he quit his job as timekeeper on the CWA project at the high school to become custodian of the News. For this little job he presented a bill for \$36. At the time of settlement, however, he reduced this charge to \$25 when he found out, as he stated, that the owner, H. B. Gaston, had to pay it. Thus is revealed Horan's loyalty to his friend, A. B. Johnson.

As proof that Johnson intended to operate the News which he had no right to do even though he foreclosed his chattel, Horan volunteered the information that Johnson

Discuss Problems Of Adolescence At P.-T.A. Meeting

Songs Composed by Mrs. A. Maplethorpe Are Sung by Mrs. W. Johnson

Sixty members were present at the meeting of the P.T.A. held at the grade school Monday evening. L. O. Bright, high school principal, gave a decidedly informative talk on "Soon the High School" in which he discussed the problems confronting parents of adolescent children. He spoke of the physical, physiological, and mental change which a child passes through upon entering adolescence, and the manifestations, such as desire for independence, resentment of authority, dreaminess, hero-worshiping, first love, etc., and the manner in which the schools try to meet these problems.

Mrs. Fern Lux gave a review of a magazine article, "Education and Mental Hygiene" from the Child Welfare magazine.

The musical numbers included two piano solos, "Opus 26, No. 1" a Chopin "Polonaise" and "May Night" by Palmgren, played by Mrs. Arthur Maplethorpe, and a group of songs sang by Mrs. Walter Johnson of Lake Forest, accompanied by Mrs. Maplethorpe. Three of the songs are of Mrs. Maplethorpe's own composition. They are: Credo; Sunrise; and Rebirth.

Aged Lake Villa Resident Passes Away

Everett Nelson, 82, aged bachelor who has spent his entire life in the vicinity of Monaville, passed away at the home of his brother, Herbert Nelson, Monaville, Tuesday morning. Funeral services were held from the Strang Funeral Home yesterday afternoon, the Rev. C. V. Hewitt, Lake Villa, officiating. Burial was in the East Fox Lake Cemetery.

Nelson was born in Monaville eighty-two years ago, the son of the community blacksmith. He remained with his parents until their death about twenty years ago, and since that time has made his home with his brother, Herbert Nelson. He leaves one brother, Herbert, and several nieces and nephews. Another brother, Edgar, Lake Villa, preceded him in death three or four years ago.

had asked him to obtain proofs of the News' subscription lists. This act would have been a theft.

Horan Loses CWA Job

Horan, like A. B. Johnson, needs no introduction to the people of Antioch and vicinity. His life is an open book to all who know him. He lost his CWA job as a result of his activities during the week and his time-keeper's card has been cancelled in the county office of the CWA. Asked about this, Horan, told the writer he had the card in his pocket. Perhaps he referred to a duplicate card which every CWA worker carries.

Notwithstanding the fact that Horan signed an affidavit attesting the correctness of a list of his creditors in a bulk sales affidavit when the present publisher purchased the News from him several years ago, many claims, including one for delinquent taxes came in later and were promptly made good by the News. In this way Horan incurred considerable indebtedness to the News. Collection was not pressed and the accounts are now outlawed.

Action Damages News

Johnson's action which was wholly unwarranted and unjustified, especially in these times of financial stress, has resulted in great damage to the Antioch News and its publisher. This damage consists of an actual loss of business, impaired credit, and a depreciation of thousands of dollars in the value of the business, to say nothing of the great inconvenience suffered by having the plant padlocked for the greater part of three days.

Nor is that all. Into this picture of greed there has entered the slimy tongue of slander. In this connection no names need be mentioned.

Clever Scheme Collapses

The News is happy to report that it is still doing business and will continue to do business in spite of the depression and greedy racketeers; that it is amply financed; that it is not for sale or lease, and that it expects to carry on and be of service to its large field and to its great and loyal army of readers.

The above emphatic announcement means that the whole diabolical scheme of greed launched by A. B. Johnson, without a moment's notice has fallen as flat as a pancake, and that the entire plan in all its revolting detail has assumed the dejected aspect of a cold fried egg.

Several from Antioch Attend Funeral Rites for Mrs. Carrie Vogel

Rev. S. E. Pollock officiated at the funeral services held for Mrs. Carrie Vogel, Solon Mills, at Solon Friday afternoon, January 5.

Mrs. Vogel was quite well-known in this vicinity, where she leaves a number of relatives and friends. Her husband, George Vogel, well-known auctioneer, preceded her in death in 1929. She is survived by two sons, Edwin of Solon Mills; Charles, Elkhorn, Wis., and a daughter, Mrs. Fred Wiedrich, Solon Mills.

Mrs. Vogel was a sister of the late Mrs. Joseph Fliehweber.

Mother—Sammy, what are you doing?

Sammy—Nothing, mother.

Mother—You're getting more like your father every day.

If you want to have a good figure when you sit down, sit down; don't slump down.
